**Rue Volley : The Long Ride to Hell** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Long Ride to Hell:

0 of 0 people found the following review helpful. Just okay By MicaMaca Dorin's got it bad, you don't know how bad he's got it for his master, Vlad. And no one else would do. They shared a kiss years ago when they were still young and Dorin hangs onto that kiss like a drowning man to a straw. The story kept my interest, somewhat. The book could use a bit tighter editing. Too and to was used interchangeably on several occasions. One of the main characters says okay a few times. Since okay didn't come into use in English until mid 19th century, Dorin couldn't have used it during 15th century Romania. Yes, this is a fiction, but the trouble with fiction is that it has to make sense. Many books depict Vlad the Impeller's story on how he became a vampire, this book shows it from a different angle. Could it be? That Vlad did love Dorin, but couldn't have gone that route. He had a country to rule and heirs to procreate. So he chose a woman. And a wrong woman at that. The twist that she's the vamp who did the deed, I don't know. But then, weren't women blamed for pretty much everything throughout the history? 3 of 4 people found the following review helpful. A Passionate love story from one man to another, plus vampires Hard to put down this book!!!!!! By Valerie Roberson Dorin is my hero! He wasn't afraid to fight for his King. He wasn't afraid to be his "Brother", even tho they are not. He wasn't afraid to admit to himself that he was different. He wasn't afraid to kill the Queen. And he wasn't afraid to become Lucifer's. My heart went out to Dorin. The way this story was written with such passion in his soul, I was sucked in and my heart squeezed tight for him. How he talked about his feelings was amazing. So pure, so romantic, so innocent, so loving. I enjoyed this story to no end! I now understand how Vlad became a Vampire, interesting. I loved how he confessed his true love as he was dying. He was truly a wonderful King. This story had me from the first page. It is written with so much passion in the words. It showed that coming out isn't always easy, and can turn a person to the dark side. It was written with great taste and didn't linger on being "Gay", but did linger on love for a person that couldn't be had. Rue Volley is an amazing Author! I really enjoy all of her work and hope that you will too. 4 of 5 people found the following review helpful. Dark, Gritty, and Violent-Good to the Last Drop By Osirri Dorin is my favorite character in the Hellhound universe, and this origin story is why. Ms. Volley's dark, gritty, violent, and sexy journey through Dorin's tale of trials and tribulations was a page turner for me. I was sad to see the end of the book and can't wait for the re-release of the rest of the series so I can get lost in it again.

Love. The worst of all four-letter words. Nothing trumps it, but loyalty. Just as treacherous. Just as devastating. Both have ruled over me for as long as I can remember. Love. I stared down at my hands and spotted the slight tremor. He always does this to me. Always. My name is Dorin. I'm a vampire. I'm a slayer of the king of all vampires. Dracula or

as I knew him, Vlad the Impaler. But before I killed him, I loved him. More than anything. More than salvation. For that, I traded my soul.
